

REMARKS

Applicant respectfully submits the following record of the telephone interview of October 21, 2001, under M.P.E.P. § 713.04. The following persons participated in the interview: Examiner Leszek B. Kiliman and Applicant's attorney, Jerry L. Mahurin, Registration Number 34,661. The Examiner initiated the call to request permission to amend the dependency of claim 30. Upon review of the case, Applicant's attorney indicated that each of claims 30-35 should be amended to depend from claim 29.

An Examiner's Amendment accompanying a Supplemental Notice of Allowability was issued in this case following the telephone interview. In that Examiner's Amendment only claim 30 is amended to depend from claim 29. Therefore, Applicant presents the present amendment under the auspices of 37 C.F.R. §312 to amend each of claims 30-35 to depend from claim 29. These amendments are needed to correct a typographical error in the originally filed application that was discovered only upon the Examiner pointing out the dependency of claims 30-35, during the above reference telephone interview. Since base claim 29 has already been allowed, the claims as amended would be allowable and no additional search or examination would be necessary.

A clean set of claims submitted herewith in accordance with MPEP 714.16. This clean set of claims includes the amendments presented above.

Applicant believes no fee is due with this response. However, if a fee is due, please charge Deposit Account No. 08-2025, under Order No. 47526/P007D1/10305320 from which the undersigned is authorized to draw.

Finally, Applicant respectfully request that the Examiner call the below listed attorney if the Examiner believes that he can helpful in resolving any remaining issues in this application.
